

# A Unique Opportunity for Full-time CRE Students

Give your full-time students access to the connections and resources that will support them throughout their careers.

NAIOP's University Membership provides expansive benefits to turbocharge your students' commercial real estate journeys from the classroom to the boardroom:

## Chapter Meetings and Events

NAIOP's 51 chapters across North America offer students opportunities to participate in educational programs, exclusive project tours and social events.

## Membership Directory

NAIOP's online, fully-searchable Membership Directory makes it easy to connect with 18,000 of the industry's top developers, owners, investors, brokers and other professionals.

## Career Center

Looking for a job? NAIOP's online career center will connect students with industry positions, plus resources on how to break into – and thrive – in commercial real estate.

## Website

Students have full access to **naiop.org** – the industry and association's top resource for commercial real estate knowledge, association news and connections.

## Is University Membership right for you?

Colleges and universities offering undergraduate and/or graduate programs in real estate are invited to become University members. The college/university maintaining a University membership must designate a current employee (not a student) affiliated with the institution to serve as the point of contact for the membership. Full-time students enrolled and pursuing a real estate degree in a college or university holding a NAIOP membership in this category will receive select NAIOP benefits. University Membership fees are based on the number of students in your program.

## Special University Benefits

A dedicated feature on our website highlighting your academic program with a direct link.

20 percent discount on all forms of advertising with NAIOP Corporate: website, program or Development magazine.

20 percent discount on a booth at any NAIOP Corporate conference.
