

MEMBERSHIP

The Chapter's membership has consistently fluctuated between 80-90 members, on average remaining at about 85 members. Under the leadership of Patti Clarke, Membership Chair, the committee took on the "Goal to Reach 100". Both recruitment and retention efforts were crucial to the plan.

After the push to 100, membership peaked at 117, which not only exceeded the original goal, but has set a new standard of membership for the organization.
