

CEO/Company Leadership Group

The National Forums CEO/Company Leadership Group is open to Principal and Associate NAIOP members already on a National Forum who are in top leadership positions at their organizations.

Participants from various company types and sizes examine and discuss the key operational issues that key decision-makers address in their roles.

Discussion topics include:

- Employee recruitment, retention, and incentivization.
- Succession planning.
- Selecting and optimizing new technologies.
- Effectively building administrative structures to support a growing business.
- Cybersecurity and risk management.

Members share perspectives and industry knowledge in a confidential meeting environment to:

- Address individual business challenges.
 - Inform the development of thoughtful strategies.
 - Strengthen leadership and decision-making skills.
 - Establish best business practices.
-

Meetings are scheduled during the National Forums Symposium in the spring and at CRE.Converge in the fall to avoid conflict with regularly scheduled forum meeting times.
