APPLICATION REVIEW AND CRITERIA

Applications are initially received by NAIOP, but final review and acceptance is the responsibility of group volunteer leadership and members. Forums typically seek geographic diversity in their membership to limit potential market overlap. Applicant evaluations are based on such criteria as skill set and location. Not all groups are currently accepting applications as they may be at their size limit. We may not be able to accommodate an applicant's first choice and encourage the selection of two, or more, Forums on the application.

QUESTIONS ABOUT GROUP SELECTION & THE APPLICATION PROCESS

Please contact [Bennett Gray](#), vice president, National Forums, or [Susan Born](#), National Forums manager, if you have any questions about group availability, or the application process.
